

Aidian Academy

Online training made **efficient** and **easy**!

Aidian Academy is a web-based learning management system. Training courses are available whenever needed. Aidian Academy is easily accessible with a password and the students cannot see each other in the system (GDPR compliant).

The courses in Aidian Academy elearning platform are interactive containing multiple ways to assist in the learning process. The course contains an exam to test the student's competence and successful completion of the course provides a certificate.

24/7

Efficiency

Aidian Academy brings flexibility to daily work

- Access online 24/7 with a password
- Organize and document trainings easily
- Train new personnel anytime
- Complete the course in your own pace at once or in smaller parts
- Manage your own student group with a separate coordinator role

Correct result at
point of care

Competent personnel – key to successful testing

- Course contents follow ISO 22870:2016 Point-of-care testing (POCT) – requirements for quality and competence
- Training by the test manufacturer highlights all the relevant steps of the test
- Content of the training is consistent
- Aidian Academy allows rereading at any time

AIDIAN

How to get Aidian Academy – only three easy steps needed

1

Consider your needs

- How many people need training?
- What courses are needed?* See the course selection at www.aidian.eu.
- Do you need your own coordinator?***

2

Sign the agreement

- Aidian Academy requires an annual agreement. Please contact the sales.

3

Take Aidian Academy into use

- Every student needs a license (Cat. no. 154801) to access Aidian Academy elearning platform.
- One course fee (Cat. no. 154802) allows all students who have license to enter one course.

*You are free to select a course or a combination of courses. You can easily add additional courses, also afterwards.

**For a large group of students, it is possible to add a coordinator role as an additional feature. The coordinator is a student from your own group who can add new students to your group, follow students' progress in courses and receive information on issued certificates. The students who do not have a coordinator role do not see each other in Aidian Academy.

Please [contact the sales](#) for more information.
